## AS TO THE "FOREIGN VOTE"

Says the Calgary Herald: When the totals are all in it will be found that after Oliver's Galleians and Poles, who were voted like cattle by the machine, are deducted from the list, there will be a majority of good Canadian electors against the Government.

The great majority of the remote north are easily explained, in view of the manner in which the European foreigners brought into the Calgary booths were voted.

Reproaches on Foreign born voters, have become so generally recognized as the Liberal victory that the above might be passed over as the expected, were there not circumstances which put the Herald's words sadly out of line with the truth and that journal itself in a quite amusing position.

It is worthy of note in this connection that exactly fifty per cent of the Conservative members of the Provincial Parliament, to wit Mr. A. C. Hibbert of Rosebud, is an estimable Russian Mennonite. Also that this gentleman has the distinction of having been returned by the largest majority on his side of the House. Also that the vote which elected him was secured in the polls held in the portions of the riding where his own nationality predominated. In the light of these facts we venture to assert that the language of the Herald is an affront to a representative of its own party—not only so but to a member who has the good and substantial claim on the position of party leadership of having won and won by the largest majority. Would the Herald read this gentleman out of the party? Does it mean that in professing to be a Conservative he was deceiving the electors and that they in supporting him were really though unintentionally voting "like cattle" for a Government candidate?

## THE RESULTS

(Winnipeg Free Press)

The Hon. Frank Oliver, minister of the interior, arrived in the city today on his way east. Mr. Oliver was fresh from the scenes of the great victory in his own province of Alberta, where he took an active part in the contest, speaking in all parts of the country. As the hour of arrival was early he met very few of the local Liberals. In conversation with a Free Press reporter, he spoke of the conditions in Alberta.

Some of the Liberals of Winnipeg have said that the victory in Alberta was too sweeping, suggested the Free Press representative.

"Not a bit," promptly replied the minister. "A decisive and overwhelming victory was just what was required to settle the important question raised during this campaign. No one can hope to raise the school question or racial question again after the answer given by the voters in Alberta last week. Under ordinary conditions a strong and efficient opposition is a most desirable and even necessary adjunct to our system of government, and the time will naturally come in Alberta when there will be a reasonably strong opposition. In this election, however, it was necessary, in order to settle some questions permanently that the Government should win a decisive success, and certainly nothing more could have been wished for."

"How will the elections go in Saskatchewan?" asked the reporter.

"In Saskatchewan," replied Mr. Oliver, "one of the questions which gave us most trouble in Alberta will be eliminated. In the Alberta contest the matter of the location of the capital was an exceedingly difficult one to deal with. In the southern part of the province it was constantly said by the Conservative workers that a solid Conservative delegation, ought to be sent to Edmonton from the south in order to protect the city of Calgary and the south generally. This idea was used by the Conservatives constantly throughout the contest. In Saskatchewan there is no question of this kind raised. The matter of the capital is being left entirely to the new legislature. So far as I learned from Saskatchewan it appears that the victory there will be almost, if not quite, as decisive as in Alberta. Walter Scott and his advocates are making a splendid presentation of their case, and there can be no doubt that the electors of the province will continue the new ministers in the position to which they have been called."

"You saw a good deal of the West during your brief visit," said the reporter.

"Yes," replied Mr. Oliver, "I saw all parts of Alberta, and found everywhere a hearty welcome. There is no doubt that our success in the elections has been based in part on the general prosperity of the country. The far West has had a most successful season, the crops in Saskatchewan being the best ever known. In a time of prosperity there is little tendency to criticize the administration. The great advancement and growth of our western communities, however, is justly attributed to the work of the Liberal administration. The progress made along the Calgary and Edmonton railway has been phenomenal and all portions of the province have shared in the general prosperity of the country."

Mr. Oliver expressed regrets at being compelled to pass through Winnipeg without seeing his friends here. Local Liberals had expressed the hope that the minister might have been able to address the meeting held to-night in connection with the annual election of officers of the Liberal association. Very pressing business awaits Mr. Oliver in Ottawa on Wednesday, and it was essential that he should continue his journey east on the same train on which he arrived.

THE UNION CONTEMP-  
PLATED

Editor Edmonton Bulletin:

Will you please grant me a little space that I may try to make clear my position in regard to the article in your paper of November 10, entitled "Does Not Like It," by Nestor Noel of Riviere Qui Barre, in reply to my letter.

My friend, Mr. Noel has, I fear, taken the meaning of my article in the wrong light. I think he must know that for some time past we the members of the T.G.G.A. and the members of the A. S. of E. have had under consideration the advisability of uniting the two organizations, as is felt that much more good can be derived from one strong organization than from many small ones.

We appointed a committee to meet a committee of the A. S. of E. but, being harvest time, it was difficult to get the committees together and when the meeting was called, the notice sent to our president did not arrive in time for him to call his committee and meet, but friends of the S. of E. A few days later our monthly meeting took place and the matter of reorganization came up again for discussion and our members were in favor of moving in the matter at that time so that our friends of the A. S. of E. would know how we stood and also to save valuable time.

It is true we introduced a resolution at that meeting in favor of a committee being appointed to draft a constitution and bylaws, the same to be submitted to the meeting of the two societies to be approved, amended or rejected as they should decide.

This was all done to save time and in order to have our views ready to lay before our members of both societies. We had no intention of pressing our friends of the A. S. of E. to accept our views; this matter was to be left to a joint meeting of the societies.

Our friend jumps at the conclusion that the T. G. G. A. in R. Sheppard's opinion, is no good and that the A. S. of E. is bad too. Mr. Noel is quite right in this. Both societies we know, have been doing good work, and our desire is to take the good of the two and unite them into one strong organization that will be an all-Canadian one, and far more useful than two societies working independently of each other.

We have no intention of creating a third society as our friend states, but to strengthen what has been built up by placing it on a more substantial and useful foundation. I am not going to throw any slurs at the S. of E. For I have too much respect for it. It is bad taste for Mr. Noel to belittle the Strathcona Grain Growers. We are not preparing for a fight, but rather for a marriage feast when the two shall be united as one and all our farmers take their stand, shoulder to shoulder, under our banner. I trust its leaders and members will live far above any petty jealousies of its origin or name. I know that any who have the true interest of farmers at heart and the welfare of our province will put aside such small matters and strive to help forward the association considered to be the most useful to the conditions existing in our new province.

Why has a Government been established in Alberta? Because the business could not be as well managed from Ottawa. The same applies to the Farmers' Association. None are as capable of knowing and managing the affairs of the association as those who are on the spot, who know the existing conditions of the farmers and the market of Alberta.

Mr. Noel asks "Is the fire of patriotism burning so hot in your heart that you object to the name 'American'?" Friend, the fire of patriotism is quite hot, but not hot enough to make a fool of me. I can take by the hand the American, the German, Frenchman, Russian, Galician or any other man who may join our ranks, and can welcome him as a brother. I have no use for those who think themselves better than others. We are all flesh and blood. It is no use talking of a society with 150,000 members who have not a say or a vote in this Province. You say you are prepared to change the name and call your society the Canadian S. of E., yet you want to retain Messrs. Everett, Stelfs and Tabbs, who reside perhaps over a thousand miles away in the States as managers of our so-called Canadian society. My friend, do you think that our friends in the States would consider it wise to ask Canadians living in Alberta to manage an Association for them a thousand miles away in the States, and if we were bold enough to enter the States and talk about managing the affairs of their farmers through the officers of a Canadian institution what would be the attitude of the American?

No, I'm not prejudiced against the name of the A. S. of E. I care not what name is used so long as it is not detrimental to the welfare of the Association. But I know of

many farmers who would not join under that name, and, as we enjoy the privileges derived by living under the Canadian flag, we must be prepared to make some sacrifice and rather than cling to a name, cling to reason and principle. We must stand for the best that can be got for our Province at any cost.

So far as I am concerned I will not accept anything less than an all-Canadian organization, managed by men living in Alberta who are well posted in the affairs of the farmers and who understand the difficulties farmers have to contend with.

But I am prepared to unite with our brothers across the line at any time in any big move it is wise to take for either their good or ours. Trusting I have made myself clear and thanking you, Mr. Editor, for so much space in your valuable paper. I remain,

Yours for progress,

R. SHEPPARD.

## CORRECTION

Editor Edmonton Bulletin:

I noticed in my article dealing with the Alberta farmers' organizations in your issue of November 10 the following, "frame a new constitution by taking a few clauses stolen from the constitution of the A. S. of E." It should have read "Frame a new constitution by adding to the constitution of the G. G. A. a few clauses stolen from the constitution of the A. S. of E."

I must further say that the Society of Equity has now a solid foothold in Alberta and it is not likely that it will consent to commit suicide just to please the promoters of the Alberta Farmers' Association. It is not more likely that the G. G. A. will consent to amalgamate in the S. of E. But let us hope that it will always be possible for the various farmers' organizations to work together when necessary to defend and promote the interests of the Alberta farmers.

Yours faithfully,

NESTOR NOEL,  
Riviere Qui Barre.

## The Elections

Medicine Hat, Nov. 16. — Official count today returns Finlay by 38 majority.

### BANKHEAD FOR BRETT

Calgary, Nov. 16. — The Court of Revision for Bankhead polling division finished its sittings on Wednesday, and of the 73 votes challenged on behalf of Mr. Fisher, there were five withdrawn, 35 allowed and of the rest a number made no effort to appear. The net gain for Dr. Brett is about thirty at this point.

WILL SUM UP ON SATURDAY  
Calgary, Nov. 15. — All of the 407 votes, which were challenged by the different parties at the recent election have been disposed of as far as the deputy returning officer and the magistrate can go.

Of the 407, a few, not more than thirty, did not appear at all. Of the remainder about twenty-five votes were disclosed and about 350 votes were allowed. The reports are now in the hands of the returning officer, who will during the present week, probably on Saturday proceed to sum up the votes and make his declaration.

### THE FIGHT IN PINCHER CREEK

(Blairmore Times)  
Election day has come and gone, the battle of the ballots having been fought on Thursday last, and the Liberal party have swept the province from end to end. Here in the Pincher Riding the battle was fast and furious and long in doubt as each of the three candidates had their strong holds with active workers and many friends. In the past up to a few days before the election it was all Sherman with a strong opposition put up by Mr. MacCallister until the C.P.R. influence was thrown on the side of Kennedy and a shift came up to Mr. Iry; and then a new defeat into a victory for him. It was a peculiar time covered fight here as with the Conservatives it was a fight to beat the Liberals while the Labor party and Liberals trained all of their plans upon each other having the Conservatives to harass the Liberals of both and cut off any supporters.

The fight put up by Sherman, the Labor candidate, was for a man who

Lever Brothers Limited, Toronto

claims to know nothing about politics something grand and he with his 18th lieutenant showed wit along the whole line. Wherever attacked he led a counter charge and it was given and taken in the Pass between the Labor and Liberal leaders throughout the whole campaign and neither need be ashamed of the gallant fight put up. Victory however in the end was decided as in most all great events by the farmers of the plains who cast in their lot with the little band of mountain men who struggling for political convictions were fighting against great odds and thus turned defeat into victory for MacCallister the Liberal candidate.

**WINNIPEG MARKETS**  
(From the Commercial)  
Trade in Manitoba wheat in the Winnipeg Market has shown a good demand most of the time. Prices seem to be influenced more by the fluctuations in the American market than by anything else, although the large bulk of wheat must go for export. The lake freight situation is

seriously against prices. Owing to delay in unloading at the other side vessels lose at least one trip out of three they could make, and freight rates are higher in consequence, the rate now being 50c per bushel as compared with 25c at the beginning of October. The increase in freight rates decreases the price of wheat at this end. Today's prices are: No. 1 hard, 81c; No. 1 northern, 77 3/4c; No. 2 northern, 75 1/2c; No. 3 northern, 73 1/2c; spot or delivery first half November. Futures on the option market closed, Nov., 77 5/8c; Dec., 75 5/8c; May, 81c. All prices are for in store Fort William and Port Arthur.  
Oats—No. 1 new oats, 32c; No. 2 oats, 31c per bushel in car lots on track Winnipeg.  
Barley—No. 3, 35c per bushel; No. 4, 32c per bushel, car lots on track here.

## For Family Colds

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear. It is always easier, cheaper and better to check a cold in the very beginning.

It is safer, too.  
Shiloh's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States today are never without it.  
A dealer writes: "Shiloh's Consumption Cure is without doubt the best remedy for Coughs and Colds on the market. One cold, my company will buy no other.—L. Elder, Winnipeg, Ont."  
If it were anything but the best would this be so? Try it in your own family. If it does not cure, you get back all it cost you. We take all the chances. Neither you nor your dealer can lose. Isn't that fair? 25c. is the price. All dealers in medicine sell.

## ALBERTA CREAMERIES

Annual Report of Dairy Commissioner  
Gives Much Interesting Information

The Dairy Commissioner of the Federal Department of Agriculture for 1904, issued the annual report for 1904, from which the following information regarding Alberta dairies is taken. The output of Alberta creameries compared with the preceding year was:

	1903	1904
Calgary	33,286	14,918
Edmonton	16,348	11,758
Innisfail	141,372	158,719
Olds	85,904	48,388
Red Deer	80,546	74,447
Timberland	51,169	43,729
Cardston	18,667	2,501
Wetaskiwin	35,981	40,948
Blackfalds	14,138	22,587
Lacombe		

"A glance at the preceding table will show that the creamery industry is flourishing better at present in northern Alberta than it is in any other part of the Territories. Although the creameries in Saskatchewan and some of those in Assiniboia have been closed it is no proof that dairying cannot be successfully carried on in the localities. Some of the defunct creameries once did a good business and helped the settlers very much at a time when they needed help. Conditions appear to have changed, however, and wheat growing has become more profitable. A successful wheat grower is seldom, if ever, a very enthusiastic dairyman.

The charge for manufacturing the butter is four cents per pound, which covers all expenses in connection with the operation of the creamery and the selling of the butter. It does not cover the cost of hauling the cream to the creamery, which is paid by the patrons. If the revenue from the manufacturing charge exceeds the total expenses of operating, the surplus is divided among the patrons pro rata.

The average cost of manufacturing the butter at the Government creameries in the North-West Territories in 1904 was 3.51 cents per pound. The average cost of manufacturing at the five largest creameries in Alberta was only .26 cents per pound, which made the average net price of the butter at these creameries 3.25 cents per pound after deducting the charge for manufacturing.

Some attempts have been made to operate creameries in the Northwest Territories during the winter months. The largest creameries in northern Alberta are making a success of it. The creamery at Qu'Appelle was operated for two winter seasons, but the supply of cream was insufficient to warrant a continuance of the work.

British Columbia has always been considered the principal market for the product of the Northwest Territories creameries, but during the seasons of 1903 and 1904 some difficulty was experienced in disposing of all the butter at satisfactory prices. In both 1903 and 1904 it was found necessary to ship several carloads to Montreal for export to Great Britain. The returns from these shipments, after deducting freight, etc., were rather low and disappointing.

"There has been a good market in the Yukon for a considerable quantity of specially packed, first-class butter, but this trade went to the United States for several years because certain Canadian dealers filled their orders when the country was first opened, with a very inferior article. The reputation of Canadian butter became so bad in consequence that it was found impossible to make any sales for Yukon shipment, except what was supplied to the Northwest Mounted Police, until the season of 1903, when orders were secured for 90,000 pounds. The shipments have been doubled during the past season, and the assurance is given that if the quality and style of packing are maintained up to the standard of the past two seasons' supply, there will be no difficulty in securing the whole of the trade, which amounts to over half a million pounds annually. The butter for the Yukon trade is mostly put up in tins, and must be first-class in every particular, and packed in strong cases to stand the exceedingly heavy handling which it must undergo during the several transshipments.

"For several years past a small quantity of butter has been sold annually from the Northwest creameries for shipment to the Orient, but during 1903 and 1904 (since the Osaka Exhibition) these shipments have been increased in amount over ten times, and our Japanese customers inform us that when the war is over we may look for further increases in the trade. The bulk of Oriental shipments goes to Japan, and while the total importation of butter into Japan is not large, it is claimed that the demand is likely to grow very considerably in the future."

The following statistics are given of the number of eggs collected by the creameries during the season:

	1903	1904
Blackfalds	65	757
Churchville	10,945	7,035
Innisfail	1,497	513
Gravelly	1,524	
Moosomin	741	794
Red Deer	1,681	998
Saltcoast	2,175	1,254
Whitefoot	1,949	
Total	30,581	11,264

The average net prices received during the past few years were 12.36 cents; 12.15 cents; 16.65 cents and 13.18 cents per dozen, respectively.

## STOVES

will soon be needed, and no doubt they will go with a rush.

If you want a first class up to date Cast Iron Range that has been a winner for many years, we have the "Happy Thought." There is more of this Range in use than any other one Range in Canada, and no person has ever heard of a poor one. Then, if you want an all steel and malleable iron range, we have the "Monarch." You cannot break this range, and it has a mirror polished top which makes it a thing of beauty to look at as well as to use.

For any up to date line of heating stoves we think we have them all beat. It is not a case of you having to take what we have; our assortment justifies us in saying you can get just what you want from us.

We have from the smallest to the largest heating stoves in any style and for any purpose, to burn both coal and wood, or both. The prices are made to suit the pockets of all, and while we make only a very small profit on each stove we think the quantity we sell justifies us in saying that we can sell on so close a margin and still hold our own. We have everything in Stove Trimmings, and first class Mechanics to deliver and put them up. Do not waste time in looking all over the city, but come direct to us.

## Odds and Ends

## THE OPPOSITION.

(Toronto News)  
Two of the boys of the old brigade  
sit in their homes today,  
all the rest of their comrades hold  
fell by the thorny way.

See they tell the election tale,  
Figure it out once more,  
Things have happened that none of  
them  
Ever had dreamed before.

Bennett is liked and his hide is hung  
Out on the fence to dry,  
"Gifts are plentiful hereabouts,"  
Each of the two do cry.

## FEELING BADLY.

(Red Deer News)  
We view the result of this election  
with unmitigated disgust not unmingled  
with positive dismay.

## ONE THING MISSING.

(From the Buckle Enterprise).  
"Who steals my purse," the lady said,  
"Steals his lips, keys and trash,  
A ribbon and a cake recipe,  
And everything but cash."

## AN ODDIOUS COMPARISON.

(New Orleans Times-Democrat).  
Bishop Joseph Wilmer of Louisiana  
and Bishop Richard Wilmer of Alabama  
were cousins and intimate  
friends. They were traveling in Italy  
and one summer afternoon while the  
Bishop of Alabama was enthusiastically  
recounting the beauties of some  
architectural ruins, the Bishop of  
Louisiana was bored. At last he  
said:

"It's all very fine, Cousin Dick, but  
nevertheless a rich field, fragrant  
with the odor of new mown hay  
please me better."

And the Bishop of Alabama replied:  
"Cousin Joe, there's not an ass in  
all Italy that would not agree with  
you."

## THE SECRET

(Morehead, Ala., Coaster).  
After a good deal of study and  
work we have at last figured out why  
so many country editors get rich.

A child is born in the neighbor-  
hood; the attending physician gets  
\$10; the editor gives the loud-lunged  
youngster and the "happy parents" a  
send-off and gets \$0. It is christened:

the minister gets \$10, and the  
editor gets \$0. It grows up and  
marries; the editor publishes another  
long-winded, flouting article, and

after a dozen lies about the "beautiful  
and accomplished bride," the minister  
gets \$10 and a piece of cake, and the  
editor gets \$0. In the course of  
time it dies and the doctor gets from  
\$25 to \$100, the minister perhaps  
gets another \$15, the undertaker gets  
from \$50 to \$100, the editor publishes  
a notice of death and an obituary two  
columns long, a lot of poetry, lodge  
and society resolutions, and a free  
card of thanks and gets \$0.000.

No wonder that so many country  
editors get rich.

## BOY FIRED TWO SHOTS

## AT PURSUING LABORER

Workmen on Strathcona Sewer System Wounded by Revolver in the Hands of an Edmonton Boy

Strathcona, Nov. 16.—The case of Crown vs. Schwartz which was adjourned from last night, was taken up this evening at 7 p.m. in the town hall before Mr. Justice Ritchie. J.P. Crown Attorney McKinnon and N. D. Mills were present and examined the different witnesses.

John Bartella, the first witness, stated that he was at work on the street on Tuesday last, when several boys came and threw dirt in the drain. He ordered them off. Several threw mud at him and one struck him, and as he was chasing them the prisoner, Schwartz, drew a revolver and said he would shoot him like a dog; he fired two shots, one of which struck him. He said the prisoner was about fifty yards away when he fired the shots.

John Trayham, a Russian, gave evidence which corroborated the statements of the previous witness.

Sterfan Podlorski's evidence sustained that already given. Mr. Ahn, interpreter, was present and translated the evidence of the last two witnesses.

Chief of Police Patterson, was then examined and stated that he had arrested the prisoner Tuesday afternoon about 4 p.m. and found five cartridges on the prisoner, also that he found the revolver, produced in court, under the sidewalk yesterday morning, about 11 a.m. The gun was a six-chamber 32-calibre revolver made by the Arnes Arms Co. The cartridges found on the prisoner do not fit the revolver. The chief stated the revolver appeared as if it had been recently discharged, as the inside of the barrel was black and dirty. His Worship after hearing the evidence, sent the prisoner up for trial at Supreme Court. Bail was refused.

The prisoner Schwartz is an Edmonton lad and has appeared in police court in the city.

—Battledore Herald: Until recently the water supply of Lloyminster has been obtained from neighboring sloughs. Now the citizens boast a well more than 150 feet deep with 100 feet of good water. A pump is on the way and they expect to rest easy now on a matter which has caused much concern since the town was started.

—J. Y. Griffin, of the pork packing firm of J. Y. Griffin & Co., and A. L. Lisen, vice-president of the Chicago, Milwaukee & St. Paul Railway, were in the city yesterday. In Mr. Hirsch's private car, Minnesota. Mr. Griffin was completing arrangements for opening a branch warehouse here, and has secured the warehouse formerly occupied by the A. McDonald Co.

—A social and reception for young people was held in the lecture room of McDougall church last evening, under the auspices of the Ladies' Aid. The chief feature of the evening was an amusing auction sale, at which young and unsuspecting folks were lured into purchasing "rare pieces of art and bric-a-brac." F. S. Green was auctioneer, and beans were used for currency. After the "rare pieces"

were all auctioned off refreshments were served, and a delightful hour spent in social intercourse.

—Battledore Herald: Yesterday afternoon whilst they team belonging to H. McKenzie was standing at his door it made a sudden bolt and got away. Mr. McKenzie, who was holding the lines at the time, endeavored to check them but lost his footing and was dragged some distance, the team eventually getting free. The youngest child of Geo. H. Clouston, a little girl aged 4 years, was crossing the road at the time and ran out of the way of the horses, but fell down. On rising again she was apparently confused as she ran back directly into the horses and was struck by the end of the pole. She is seriously injured, her skull being fractured. At the time of going to press the little girl is still unconscious.
